

PROGRAMME WORKSHOP WEBSITE PROMOTION

Enhance your e-marketing capabilities!

The objective

To increase international webbased performance of BSOs and SME's by improving e-marketing capability.

Your benefit

You will have immediate benefits from this workshop, because it is practical and tailor made:

- Practical; every presentation is followed by an assignment. The skills learned can immediately put to use by using the available Internet connected computers.
- Tailormade: assignments are included based on the background of the participants.
- Effective: improved web visibility: better exposure to (potential) users target groups!

Topics

- Website targets and goals
- Website assessment
- Usability
- Homepage
- Promotion instruments (Search Engine Marketing, linking, AdWords, e-mail)
- Promotion plan + evaluation

And much more practical tips and suggestions!

By whom?

The workshop will be organized by IBCE, in association with the Centre for the Promotion of Imports from The Netherlands (CBI). The facilitators are experienced CBI experts from The Netherlands with specific expertise in the field of website promotion.
